**Trollpeo the Green Knight**-G'Ronnie 2019-08-09 The Arch Thaumaturge had argued about answering a troll's prayer. One renegade angel secretly saved an abandoned baby left to die. This human infant was enhanced with incredible abilities through a strange concoction mixed with angelic blood, and the child miraculously transformed into a green troll. The baby was taken to a barren troll in the troll kingdom. She made a covenant with the renegade angel to raise the infant as her own, and to help him become a great tracker. Having mastered his tracking skills, he became known for his ability to find the impossible. The people claimed him to be the greatest investigator in the kingdom. A powerful witch thought that by killing his parents, she would be able to stop him. But she was wrong. The renegade angel's fellow Arch Thaumaturge Gatbam traveled to the future to persuade the mortal named Dr. Paul Coldchase—a relentless, strong-willed, very principled coroner—to travel to the dark ages. He assured him that his excellent medical skills would be appreciated, regardless of his race. Sometime later, he was murdered. This medical examiner was resurrected, and he changed his forename to Phantom. Dr. Phantom Coldchase teamed up with Trollpeo. Thus began the dynamic chronicles of the greatest detectives: Trollpeo Trolliceo Greenthumb, the Green Knight, and Dr. Phantom Coldchase, Medical Examiner.

**The A to Z of Fantasy Literature**-Brian Stableford 2009-08-13 Once upon a time all literature was fantasy, set in a mythical past when magic existed, animals talked, and the gods took an active hand in earthly affairs. As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present, fantasy was temporarily marginalized until the late 20th century, when it enjoyed a spectacular resurgence in every stratum of the literary marketplace. Stableford provides an invaluable guide to this sequence of events and to the current state of the field. The chronology tracks the evolution of fantasy from the origins of literature to the 21st century. The introduction explains the nature of the impulses creating and shaping fantasy literature, the problems of its definition and the reasons for its changing historical fortunes. The dictionary includes cross-referenced entries on more than 700 authors, ranging across the entire historical spectrum, while more than 200 other entries describe the fantasy subgenres, key images in fantasy literature, technical terms used in fantasy criticism, and the intimately convoluted relationship between literary fantasies, scholarly fantasies, and lifestyle fantasies. The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature, through bibliographies and accounts of the fantasy literature of different nations, to individual author studies and useful websites.

**Lady**-Thomas Tryon 2013-09-24 “A spellbinder with a twisted ending . . . You can't put it down”—from the New York Times–bestselling author of *The Other* (Des Moines Register). In Pequot Landing, there are two sights to see: the largest elm in America, which dominates the stately old village green, and the house of Lady Harleigh. When the Great War ended, she was the most beautiful bride in the village, and though she was widowed soon after, mourning dampened neither her beauty nor her spirits. By the time the Great Depression rolls around, she is the unchallenged center of Pequot society—lovely and energetic, but subject to bouts of grim melancholy that hint at something dark beneath her surface. Woody is eight years old when he first notices the Lady, and her glittering elegance captures his heart. He spends his boyhood deeply in love with the mysterious widow, obsessed with the sadness that lies at her core. As he gets closer to her, he finds that Lady Harleigh is haunted—not just by grief, but by a scandalous secret that, if revealed, could change Pequot Landing forever.

**All Spell Breaks Loose**-Lisa Shearin 2012-05-29 From national bestselling author Lisa Shearin comes a new chapter in "one of the best fantasy series currently on the market." (Night Owl Reviews) My name is Raine Benares—and it sucks to be me right now. I’m a seeker who found the Saghred, a soul-stealing stone that gave me unlimited powers I never wanted. Now I’ve lost the rock—and the magic it gave me—to a goblin dark mage whose main goals are my death and world domination. This is more than incentive enough for a little trip to the goblin capital of Regor with a small band of good friends, not-so-good friends, and one outright enemy. Don’t ask. All we need to do is destroy the Saghred, kill the mage, and put a renegade goblin prince on the throne. Did I mention I’ll be doing that with no magic?

**Besieged Ego**-Caroline Ruddell 2013-12-16 *The Besieged Ego* critically appraises the representation, or mediation, of identity in film and television through a thorough analysis of doppelgangers and split or fragmentary characters. The prevalence of non-autonomous characters in a wide variety of film and television examples calls into question the very concept of a unified, 'knowable' identity. The form of the double, and cinematic modes and rhetorics used to denote fragmentary identity, is addressed in the book through a detailed analysis of texts drawn from a range of industrial, historical and cultural contexts. The doppelganger or double carries significant cultural meanings about what it means to be 'human' and the experience of identity as a gendered individual. The double also expresses in fictional form our problematic experience of the world as a social, and supposedly whole and autonomous, subject. *The Besieged Ego* therefore raises important questions about the representation of identity onscreen and concomitant issues regarding autonomy and what it means to be 'human', yet it also charts a generic account of the double onscreen. Case studies include horror, fantasy, and comedy.

**Winter US Edition**-Adam Gopnik 2011-08-24 The 2011 CBC Massey Lectures celebrates fifty years with bestselling author, essayist, cultural observer, and famed New Yorker contributor Adam Gopnik, whose subject is winter -- the season, the space, the cycle. Gopnik takes us on an intimate tour of the artists, poets, composers, writers, explorers, scientists, and thinkers, who helped shape a new and modern idea of winter. Here we learn how a poem by William Cowper heralds the arrival of the middle class; how snow science leads to existential questions of God and our place in the world; how the race to the poles marks the human drive to imprint meaning on a blank space. Gopnik's kaleidoscopic work ends in the present day, when he traverses the underground city in Montreal, pondering the future of Northern culture. A stunningly beautiful meditation buoyed by Gopnik's trademark gentle wit, Winter is at once an enchanting homage to an idea of a season and a captivating journey through the modern imagination. This deluxe 50th anniversary edition includes full-colour images printed on two 8-page inserts.
